

Protocol from 08-12-02

Participants

All group members.

Agenda:

- Progress so far
- Plan ahead for visit by SGA
- Level of gore in the game

Chairman: Anton Larsson

Secretary: Bo Isaksson

Conclusion:

- Everyone reported good progress.
- We discussed and came to the conclusion that we should have a small tech-demo ready for when the people from SGA comes for a visit.
- We had a discussion about what level of blood and gore we should have in our game. We concluded that to get away from any racist undertones and ethnic antagonism, we should keep the style of the game “cartoony” and exaggerate the levels of blood and gore.
